EDUCATION

•MNNIT Allahabad, Prayagraj, India	Aug 2023 – May 2027
B.Tech in Computer Science and Engineering	Grade: 7.67
•Mithila Institute Of Technology	Apr 2021 – Mar 2022
Higher Secondary Education	Grade: 3.39 GPA
•Mithila Institute Of Technology	Apr 2019 – Mar 2020
Secondary Education	Grade: 3.35 GPA

PROJECTS

•IntelMeet	May 2025 – Jun 2025
Real-Time all in one Conferencing Platform	[GitHub]
Tech Stack: React.js, Node.js, Express.js, Socket.IO, WebRTC, MongoDB	
– Built a full-stack real-time audio conferencing platform with secure room creation and participant management.	
– Integrated WebRTC for low-latency peer-to-peer audio communication, achieving average audio latency below 200 ms on local testing.	
– Implemented JWT-based authentication and authorization to secure user sessions and meeting access.	
– Developed a Socket.IO-based signaling server for room creation, participant synchronization, and real-time event handling.	
– Designed unique room ID generation and meeting controls, supporting 5+ concurrent participants per room during testing.	
•CodeMate	Jun 2025 – Present
AI-Powered Terminal Assistant and Agent Framework	[GitHub]
Tech Stack: TypeScript, Bun, OpenAI API, CLI, Agent Architecture	
– Developed a modular AI-powered terminal assistant capable of multi-step reasoning, planning, and task execution.	
– Implemented memory, context management, execution, safety, and tool orchestration layers following an agent-based architecture.	
– Built an extensible CLI framework supporting custom tools, workflow automation, and conversational interactions.	
– Designed a planning engine for task decomposition and autonomous execution of complex user requests.	
– Optimized response latency and modularity through a scalable TypeScript-based architecture powered by Bun.	

SKILLS

- **Programming Languages:** C++, Python
- **Web Development:** ReactJS, Node.js, Express.js, HTML, CSS, REST APIs
- **Databases:** MySQL, MongoDB
- **Machine Learning & AI:** ML Algorithms, NLP (Sentiment Analysis, Text Preprocessing), Model Deployment (Flask, Streamlit), Data Visualization (Matplotlib, Seaborn, Plotly)
- **Computer Science Fundamentals:** Data Structures, Analysis of Algorithms, Convolutional Neural Network, Object-Oriented Programming (OOPs), Operating System, High Level Design

CODING PROFILES

- Leetcode Max Rating – 2062, Solved 1000+ DSA problems @abhi-jha
- GeeksforGeeks Active profile, contributed to solving numerous problems @abhishekh8mek
- Codechef Solved numerous competitive programming questions @avisekcodes

ACHIEVEMENTS

- Competitive Programming
 - Global Rank 394 among 30,000+ participants in a LeetCode contest; consistently ranked in the top 4%.
 - Achieved Top 1500 rank among 200,000+ participants in Google Big Code Competition.
- Startup & Innovation
 - Won 3rd Prize among 20+ startup pitches at Udbhav-2024, E-Summit Renaissance.

POSITIONS OF RESPONSIBILITY

- Leadership
 - * Captain, MNNIT Cricket Club
 - * Class Representative
 - * Media Lead for a cultural event, managing a team of 10 content creators
